

The Collection Container

Quick Drop Lid Instructions

STEP 1

UNITS SHOULD BE ASSEMBLED UPSIDE DOWN.

Place lid upside down on a flat surface – with tab facing away from you.

**In cold weather, the security seal can break – to avoid this, leave lids in a warm room until assembly is required.*

STEP 2

Place base upside down on top of the lid.

STEP 3

Firmly PUSH base down with both hands whilst using a rolling motion until the base locks onto the lid.

Your collection container is now sealed and ready to use

LID REPLACEMENT

YOU WILL NEED THE USE OF A PAIR OF PLIERS.

Firmly grip tab then lift up and down. Repeat until seal splits from the main lid then rip seal halfway around the lid to loosen. Remove lid.

Recycle the old lid and you can now re-assemble with a new lid.

CLEANING

Wash with warm water and mild detergent

RECYCLING PRODUCT

Bases and Lids are 100% Recyclable.
